CIRCULAR NO. 15.

GRANTS FROM CONGRESS TO STATES AND CORPORATIONS.

DEPARTMENT OF THE INTERIOR,
GENERAL LAND OFFICE, *January 24, 1867.*

GENTLEMEN: By the 1st section of the act of Congress approved July 1, 1864, Statutes 1863-64, page 335, chap. 196, it is provided that from and after the passage of *that* act, "in the location of lands by States and corporations, under grants from Congress for railroads and other purposes, (except for agricultural colleges,) the Registers and Receivers of the Land Offices for the several States and Territories, in the districts where such lands may be located, for their services therein, shall be entitled to receive a fee of one dollar for each final location of one hundred and sixty acres, to be paid by the State or corporation making such location; the same to be accounted for in the same manner as fees and commissions on warrants and pre-emption locations, with limitations as to maximums of salary prescribed by existing laws, in accordance with such instructions as shall be given by the Commissioner of the General Land Office."

1st. Under this law the Registers and Receivers are *each* entitled to receive a fee of one dollar for each final location of one hundred and sixty acres, or any quantity approximate thereto, when the deficit is less than forty acres.

2d. When the several quantities shall have been definitely ascertained by you to inure to the grant, as hereinafter prescribed, the fees will then be due thereon.

3d. The State through its grantee, or the grantee, as the case may be, is required to file with the Register and Receiver of the proper land office descriptive lists of the tracts of land claimed as inuring under the grant, within sections of — miles each, along the line of route on both sides thereof, to be dated and verified by the signature of the selecting agent.

For agent's certificate to be attached to each list, see Form A.

The party appearing as the agent of the grantee must file with the Register and Receiver written and satisfactory evidence, under seal, showing his authority to act in the premises.

In the preparation of the descriptive lists, the Register and Receiver will afford the agent all reasonable facilities, taking care, however, not to interrupt the current public business.

The lists must be carefully and critically examined by the Register and Receiver; their accuracy tested by the plats and records of their

office. When so examined and tested, and found correct in all respects, to be a *final location*; and you will, on the payment of the requisite fees to the Receiver, so certify at the foot of each list, according to Form B.

After such lists have been examined, and you have attached your certificate thereto, the same will be consecutively numbered, commencing with No. 1, for each railroad or separate grant. Upon the payment of the fees and certification of the lists by you, the Register will post the selections in the Tract Book, after the following manner :

“Selected ———, 186—, by A. B., agent for the ——— Railroad Co., act ———, list No. —;” and on the plats he will mark the tracts so selected “——— R. R.”

After the selections are properly posted and marked on the plats, the lists will be transmitted to this office, accompanied by the evidence of the agent's appointment.

4th. The fees will be due in all cases where the service may have been rendered *subsequent* to the passage of said act of 1864.

5th. The Receiver will account for the fees thus paid in his monthly and quarterly accounts, specially setting forth in the same the particular case or cases on which such fees had accrued, giving the name of road, number and date of the list of selections for which they had been paid.

6th. By joint resolution No. 10 of January 30, 1865, “mineral lands” are not embraced in the grants made at the 1st session of the 38th Congress, unless otherwise specially provided in the act or acts making the grants.

PACIFIC RAILROADS.

Acts approved July 1, 1862, and July 2, 1864.

7th. By section 21 of the latter act, these companies are required to pay cost of “surveying, selecting, and conveying” the lands, *in addition* to the Register and Receiver's fees exacted by the act of July 1, 1864, before mentioned. This cost of surveying and conveying is, by the decision of the Secretary of the Interior of November 8, 1866, limited to the lands granted by act July 2, 1864. Therefore, the “cost” will be assessed and collected on the lands outside of ten miles and within twenty miles from the line of the road, where the grant is under both acts.

To ascertain the cost of “surveying,” which includes both *surveying in the field* and *office work*, the company will apply to the Surveyor General of the State or Territory in which the lands are situated. Upon ascertaining the sums due for surveying and office work for the “section or sections of road” for which selections have been or are to be made, a deposit of those sums must be made, to the credit of the Treasurer of the United States, with an authorized depository. The duplicate of

deposit must be filed with the Surveyor General; whereupon he will transmit to the Register and Receiver of the proper land office his certificate of such payment having been made, specifying how much was for surveying and how much for office work, as per Form C.

The Surveyor General's certificate, together with the triplicate certificate of deposit and the evidence of the agent's appointment, must accompany the lists of selection when transmitted by you to this office.

8th. Herewith is a form of title-page to be prefixed to the List of Selection.

Let me here call your special attention to the necessity of *great care* in the examination and testing of these lists, so that all conflicts may be avoided and improper selections be excluded, and that the verified schedules may be absolutely accurate, thus avoiding embarrassment and delay to all concerned.

9th. Pacific Railroad act, July 2, 1864.—It is provided in section 4 that the word "mineral," when it occurs in that act, shall not be held to include iron and coal. Therefore, iron and coal lands are subject to selection by the Pacific Railroads; but all other minerals are expressly excluded from the grant, and must necessarily be so from all selections you may certify to this Office. When the verified lists are received at the General Land Office, prepared and certified as above required, such definitive action as the law requires will be here taken, with the view to invest the grantee with a complete title.

These instructions will supersede those of May 30, 1866, Circular No. 9. The forms attached hereto, which are made a part hereof, will be followed in certifying to maps and lists, where the same may be applicable.

You will please acknowledge the receipt of this Circular, giving the date of reception.

JOS. S. WILSON, *Commissioner.*

To the REGISTERS AND RECEIVERS

of the U. S. Land Offices.
